WHAT IS A GROWLER?

CRAFT BEER FROM THE TAP

There is nothing fresher and better tasting than beer straight from the tap. You taste exactly what the brewers have in mind and theres nothing like it.

SEALED IN FRESHNESS

Capping your growler not only keeps specialty craft beer from spilling but also keeps it tasting freshly tapped for at least 7 days. With the CraftTap3.0 it can stay fresh up to 30 days!

64OZ // 1.89L

This container holds just under a 6 pack worth of beer. Share your favourite beer amongst friends.

LIGHT PROTECTION

Growlers that know what they're doing are always amber colored glass or another material that blocks light. Light cause a chemical reaction that ruins a beers flavour.

WHAT IS A CROWLER?

AIR TIGHT SEAL

The air tight seal formed by the canning machine means that carbonation is not allowed to seep out of the can as it sits in your fridge or as you travel.

KEEPING THINGS FRESH

The ultimate result is that your craft beer stays fresher longer. You no longer have to worry about drinking all the beer within a day or two to keep it from going flat.

32OZ // 946ML

Crowlers holds just under 3 cans (330ml) worth of beer. Share your favourite beer amongst friends.

LIMITED & SEASONALS

Take home your favourite beer staight from the tap!
